

The Thundercats is an ASA B competitive traveling softball program offered by the Rocklin Girls Fast Pitch Softball League. The goal is to field a team in the 10U, 12U and 14U age brackets. The Thundercats teams are for girls looking for a high level of competition.

The girls will be selected for these teams by attending Sunday clinic/try outs though out the winter and early spring. The teams will be formed in early May and can start participating in ASA B tournaments once formed. These teams will attend some of the same tournaments that Rocklin's All Star teams attend, such as "Piece of the Rock." The Tundercats teams will be attempting to qualify for ASA B Western Nationals and concluding the spring/summer season by participating in this National tournament. These teams will be comprised of Rocklin's more competitive players. The girls playing on these teams will be expected to be available to participate in practice and tournaments from May until August.

A schedule of clinics will be posted shortly.
